Contribution ID: **317** Type: **Poster session**

Neutrino Posters

Tuesday, 8 June 2021 09:00 (1 hour)

Poster sessions will be held online in the 2D and 8-bit virtual environment of Gather.town. This is an online platform with which you will be able to interact with your own avatar. You will be able to see the avatars of other attendees and hold video conversations with multiple people at once.

The password for the poster room Gather.town is in your email (in the "4th Bulletin") and on the conference slack. There is a also a poster index web page, where you can search through all the poster contributions, find out where it is located, and read the abstract and the poster pdf itself.

Session Classification: Neutrino Physics Session 2
