

Map and Parking for the SLAC 100 TeV Workshop

We apologize that there is a large amount of construction at SLAC these days. The areas shown in red on the map below are construction sites. This limits facilities on the SLAC site, in particular, food and parking.

We will provide breakfast and coffee for the meeting. Instructions for lunch will be sent in a separate email.

The map below shows the meeting location (Building 48, ground floor) and routes to parking. If you are driving to SLAC, enter from Sand Hill Road at the Main Gate as shown. Be prepared to stop at the guard station. Tell the guard that you are attending the 100 TeV Workshop, and show a picture ID (e.g., a university ID or driver's license). Follow the yellow route to the right. There is limited parking in Parking Lot A, more along the side of the Loop Road. If those parking spaces are filled, proceed to Parking Lot G, where there should be ample space. Then follow the route indicated in yellow back to Building 48.

We look forward to seeing you at the meeting.
