

Bio:

Barb O’Kane is the EHS Director at Colorado School of Mines in Golden, Colorado. Prior to joining Mines she was the Laser Safety Officer/safety manager at the National Renewable Energy Laboratory, during which time she was an inaugural member of the DOE Laser Safety Task Group. Barb has laser safety experience in research as well as manufacturing. She has over twenty years of health and safety experience and maintains professional certification in industrial hygiene, safety and laser safety. When not at work Barb enjoys the outdoors, is an avid cyclist who also enjoys cooking and eating good food.
