

Far Detector General Meeting

Agenda Today

- Finalization of Working Group—Tim
- Upcoming events— Jim
- Photon Detector Plans— Norm and Ed
- Working Group Reports:
 - Installation/Integration^M, Photon^B, Dual Phase TPC^B, Single Phase TPC^B, Purity/Radiopurity^M, Calibration^M, Electronics^B, DAQ^B, High Voltage^M.
 - Nominal rotation: B== presents bi-weekly. M==presents monthly, alternating with LBNF/Cryo Interfaces and Detector Performance.
- Please join working groups and subscribe to mailing lists. All mailing lists exist, and all WG will have met by the end of this week.
- We hope we are reaching “the end of the beginning”; time to get to work!
