

Midwest Cosmic Visions Meeting

Tuesday, 10 November 2015

Session II - Blue Sky: Beyond DESI/LSST - Hornets Nest (13:00 - 15:00)

time	[id] title	presenter
13:00	[37] Beyond DESI: High density optical spectroscopy: Kyle Dawson	
13:20	[38] Kinematic weak lensing: Eric Huff	
13:40	[39] Cosmology with gravitational waves in future cosmic surveys: Marcelle Soares Santos	
13:55	[40] The coming era of radio cosmology: Albert Stebbins	
14:10	[41] Huge-volume LSS surveys and fundamental cosmology: Dragan Huterer	
14:25	[42] Discussion
