FSPA - Fermilab Student & Postdoc Association

Tuesday, 14 June 2016 16:30 (15 minutes)

The Fermilab Student & Postdoc Association (FSPA) represents the community of young researchers at Fermilab, including all student and postdoc Users. Each year, a core group of democratically elected officers organizes social and academic events to engage this community, and works closely with the Users Executive Committee to represent the interests of all young visiting researchers at Fermilab. One of the bigger responsibilities for this group each year is to organize and host New Perspectives!
