

# Introduction for protoDUNE SP measurement group meeting

26/04/2016

# Welcome to new groups/people

- We welcome new people. Please let us know what you are interested in or if you would like to have a task identified
- The Kiev National University will introduce themselves today.

# WG meeting at CERN 28-30 June

- We are planning for a series of WG meetings
  - A informal meeting at the Coll. Meeting
  - 2.5 day meeting at CERN from 28-30 June
    - Room 42-3-002
  - Sept. collab. meeting + pre/post workshop
  - November/Dec.: UPitt workshop

# Plans for next few months

- May collaboration meeting:
  - discuss and agree on plan, milestones and prioritized task list
- June workshop goals and topics:
  - beamline simulations
  - event reconstruction tools
  - definition of analyses and required tools
  - calibration requirements
  - ...
- The June workshop will be also used to finalized plots for the protoDUNE TDR.
