Tablets: A Big Step Toward a Paperless Office

Wednesday, 14 May 2008 11:00 (40 minutes)

Abstract: Pens; set of 100: 79.*Papernotebooks*; set of 100: 159. Franklin Day Planner Refill; set of 100: 2,000–5,000. Franklin Day Planner non-refill; set of 100: 8,000–10,000. PC Tablet with MS OneNote and Outlook: Priceless.

In today's climate of becoming "greener" and focusing on cost savings and efficiency, PC Tablets, when used to their full potential, can help us take a HUGE step towards a paperless office, reducing costs for supplies and potentially helping increase the effectiveness of certain people. Come see how one person combines a PC Tablet, Microsoft OneNote, and Microsoft Outlook to dramatically reduce paper usage and dramatically increase effectiveness.
