

DUNE DAQ Meeting Intro/News

Sep. 25, 2017

Georgia Karagiorgi
Columbia University

Mondays 9-10am central/FNAL time

- DUNE FD DAQ Consortium meeting slot
 - Open to full DAQ consortium (and all DUNE)
 - Venue technical discussions
 - In the near term, will be heavily focused on discussions of
 - Architecture and data selection
 - DAQ simulations

Please join this effort (**anyone** can contribute significantly!)

Mailing lists

- The old general DAQ mailing has been replaced by a new one; please be sure to subscribe to **DUNE-FD-DAQ-CNSRT**
- And if you're interested in DAQ simulations, also subscribe to **DUNE-FD-DAQ-SIM**

To **SUBSCRIBE** to a mailing list called *MYLIST*

1. Send an e-mail message to listserv@fnal.gov
2. Leave the subject line blank
3. Type "SUBSCRIBE MYLIST FIRSTNAME LASTNAME" (without the quotation marks) in the body of your message.

You may also use "JOIN MYLIST FIRSTNAME LASTNAME" (without the quotation marks) in the body of your message.

Note: Some mailing lists are set up so that people are not allowed to subscribe themselves. If you attempt to subscribe yourself to such a list, you will get a message telling you that your request has been forwarded to the list owner.

Upcoming:

- **Consortium Institutional Reps. meeting tomorrow**, 9am central (you should have received an email)
- **DAQ Workshop, Oct. 30-31 at Columbia U.**; expect institutional reps. to attend (look out for email in the next 1-2 days with further details).
Aim:
 - Discuss (a narrow list of) architecture options and inputs from other working groups (on hardware technology/cost surveys, physics requirements, timing requirements, infrastructure practicalities, ...)
 - Gather information necessary to put together real design option(s) by ~January 2018
- **DUNE Physics Week, Nov. 14-17 at Fermilab**; organizing DAQ Simulations efforts during that week together with SNB/LE group
