

Government Relations Subcommittee

Joseph Zennamo, Carrie McGivern, Fernanda Psihas
on behalf of the sub-committee

Fermilab UEC November Meeting

November 17th, 2017

THE UNIVERSITY OF
CHICAGO

USParticlePhysics Dot Org

U.S. Particle Physics: Building for Discovery

U.S. Particle Physics Strategy

Education and Outreach Site

- Meetings between key stake-holders within the community of updating outreach materials
 - Effort being driven by Office of Science and a AAAS fellow
 - Members include SLOU, USLHC, UEC, NSF, HEPAP, DOE, and other “big names”
- Working to have materials ready for March

Plan to have text ready in December FNAL UEC would then participate in a “two pass” review with final approval in Jan.

First Biweekly Meeting

- Members of the subcommittee met for the first time yesterday to plan the next month of work
- In two weeks we will hear initial plans and reports on
 - Updating the wiki
 - Trip logistics and bottlenecks
 - Current status of scripts
 - A first proposal for reaching near 100% coverage
 - A proposal for a budget

Everyone is welcome to attend!

**Biweekly Thursday at 1pm
in the 2nd floor Art Gallery**

Also remote connection!

Next Biweekly Meeting

- There will be lots of discussion about steps forward and the challenges of reaching 100% coverage
- If you want to lend a hand or just be part of the conversation please come
- There is a lot to do and March is 16 weeks away!
