

URA AWARDS
51st ANNUAL USERS MEETING

FERMILAB
June 20-21, 2018

Marta Cehelsky
Executive Director, URA

UNIVERSITIES RESEARCH ASSOCIATION (URA)

- Consortium of over 90 leading research-oriented universities, primarily in United States; also Italy, Japan, United Kingdom, Canada.
- 1967 to 2006, URA was prime contractor to DOE for the creation and operation of Fermilab.
- Since 2007, URA + University of Chicago form Fermi Research Alliance, LLC, current DOE manager of Fermilab.

URA Awards at Fermilab

- **URA Graduate Thesis Award**
Outstanding doctoral thesis written on research at Fermilab or in collaboration with Fermilab scientists.
- **URA Tollestrup Award for Postdoctoral Research**
Outstanding work by a postdoctoral researcher at Fermilab or in collaboration with Fermilab scientists.
- **URA Visiting Scholars Program**
Competitive, peer reviewed awards for work at Fermilab by researchers from URA universities
Through spring 2018: \$5 million total
381 awards, 75 universities and Fermilab;

Visiting Scholars Program

Fall 2017

Jianming Bian, University of California, Irvine
 Rachel Carr, MIT
 Jonathon Coleman, University of Liverpool
 Antigoni Georgiadou, Florida State University
 Yin Lin, University of Chicago
 Francesco Lucarelli, University of Pisa
 Cristina Mantilla Suarez, Johns Hopkins University
 Adam Martin, University of Notre Dame
 Jorge Morfin & Andreas Kronfeld, Fermilab
 Afroditi Papadopoulou, MIT
 Lee Roberts, Boston University
 Matthew Strait, University of Minnesota
 Prakash Thapa, Wayne State University

UNIVERSITÀ DI PISA

WAYNE STATE
UNIVERSITY

The University of Manchester

Spring 2018

Yang Bai, University of Wisconsin-Madison
 Vincent Basque, University of Manchester
 Jean-Francois Caron, University of Houston
 Grace Cummings, University of Virginia
 Kim Cushman, Yale University
 Sven Dildick, Texas A&M University
 Estia J. Eichten and James F. Hirschauer, Fermilab
 Martin Fertl, University of Washington
 George Fleming, Yale University
 Lawrence Gibbons, Cornell University
 J. Han, S. Gollapinni and T. Walton, Fermilab
 Jason Hempstead, University of Washington
 Christopher Hilgenberg, Colorado State University
 Colton Hill, University of Manchester
 Kim Siang Khaw, University of Washington
 Marjon Moulai, MIT
 Rachel Elizabeth Osofsky, University of Washington
 Nabin Poudyal, Wayne State University
 Jonathan Richardson, California Institute of Technology
 Nora Shipp, University of Chicago
 Beatriz Tapia Oregui, University of Texas at Austin
 Wouter Van De Pontseele, Harvard University
 Christopher West, University of Alabama
 Shiqi Yu, Illinois Institute of Technology

Yale University

THE UNIVERSITY OF
ALABAMA

URA EARLY CAREER AWARD

- **Objective:** Outstanding work by an early career researcher at Fermilab or benefiting the Fermilab Scientific program.
 - [Thank you, Alvin Tollestrup and Joe Lykken!!]
- **Eligibility:** Researchers at URA university or Fermilab within six years of appointment to tenure-track position or Fermilab equivalent position.
- **Scope:** Experimental, theoretical, or a contribution to instrumentation, computing, or accelerator technologies.
