

Timetable: HEP-CCE: Scalable IO for Energy and Intensity Frontier Experiments

Contribution ID: 17

Type: **not specified**

HEP Transient Object Store

Friday, 24 August 2018 09:00 (1h 30m)

Deeper dive into R&D being done in HEP related to Object Stores. How can these solutions be generalized?
How can LHC experiments utilize Object Stores to enable large scale IO on HPCs?

Presenter: ROSS, Rob (Argonne)

Session Classification: Friday Morning Discussion
