

**IceQubes 2019: International Workshop on Cryogenic Electronics for
Quantum Systems**

Contribution ID: 17

Type: **not specified**

**Towards 2-4 K monolithic quantum processors with
control and readout electronics in production 22nm
FDSOI CMOS technology**

Wednesday, 19 June 2019 11:15 (35 minutes)

Presenter: Prof. VOINIGESCU, Sorin

Session Classification: FD-SOI
