

**IceQubes 2019: International Workshop on Cryogenic Electronics for
Quantum Systems**

Contribution ID: 19

Type: **not specified**

**A dynamic random access architecture based on
FDSOI technology for radio-frequency readout of
quantum devices**

Wednesday, 19 June 2019 15:45 (35 minutes)

Presenter: Dr GONZALEZ-ZALBA, Fernando (Hitachi Cambridge Laboratory)

Session Classification: FD-SOI
