Paul Russo
Saba Sehrish
Fermilab

July 16, 2019

Today's agenda and speakers

- Release and project report (Erica)
- LArSoft integration of optimized GausHitFinder (Sophie Berkman)
- AOB

Releases

- Last week
 - Released v08_25_00 on July 12
 - Changes to develop only
- This week
 - No outstanding requests for this week

Genie v3

- Genie v3 and python 3 test releases

- Test release v08_22_00_01 available since June 17
- Uses Genie v3_00_04a, and optionally python 3

- `setup larsoft v08_22_00_01 -q e17:prof`

python v2_7_15a

- `setup larsoft v08_22_00_01 -q e17:prof:py3`

python 3_7_2 (SLF7 only,
MacOS on demand)

- Otherwise identical to larsoft v08_22_00

Need experiment sign-off in order to complete migration

Please tell us what you are planning asap!

- Note: plan to make the first LArSoft release with Genie v3 available with a python 3 build via “py3” qualifier

- SLF7 only

The end
