

Prospecting for New Physics through Flavor, Dark Matter, and Machine Learning

Wednesday, March 29, 2023

Dark Matter Indirect Detection (9:45 AM - 11:00 AM)

time	[id] title	presenter
9:45 AM	[18] Indirect Detection	LEANE, Rebecca
10:10 AM	[27] Astrophysical searches for particle dark matter using neural simulation-based inference	MISHRA SHARMA, Siddharth
10:35 AM	[19] Machine Learning for Particle Astrophysics	BUCKLEY, Matthew
