

Hi Ting,

I was told you will be leading the decommissioning of MINOS and MINERvA. I wanted to help you get started on some of the paperwork required by ES&H, so I have a list of items below that will need to be addressed:

Environmental Review Form: <http://fess-ogfp.fnal.gov:8095/EnvironmentalReview/faces/home.xhtml>

FESHM chapter "Rules for Demolition": <http://esh-docdb.fnal.gov/cgi-bin/ShowDocument?docid=418>

Demolition Engineering Survey Checklist: <http://esh-docdb.fnal.gov/cgi-bin/ShowDocument?docid=2031>

FESHM chapter "Facility Decontamination and Decommissioning": <http://esh-docdb.fnal.gov/cgi-bin/ShowDocument?docid=430>

After you get a chance to digest some of this, would you want to meet to discuss the decommissioning plan?

Thanks,

Angela
