Subcommittee

We have the responsibility to organize the 53rd Users Meeting

The Users Meeting contributes to create a sense of community connecting different areas of physics, experiments, divisions and universities.

The Users Meeting has been part of the Fermilab life since the beginning of the lab. Last year we celebrated the 52nd annual Users Meeting.

Subcommittee

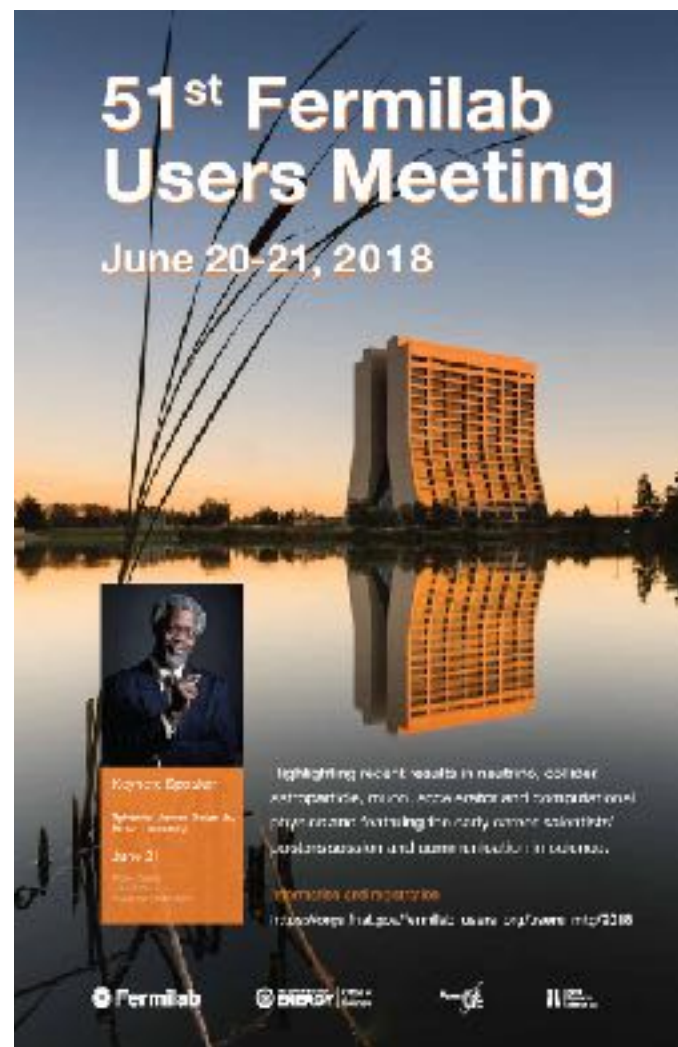

We launched the next 50 year of Fermilab and Users meetings partnership.

How can the UM-2020 continue to improve this synergy?
