Recent News

- We've been in office about 3 weeks — just about getting going!
- Hosted Meet & Greet on October 4 for the community to meet and greet us.
 - Good attendance of around 100ish people and 60 pizzas 😊
- Met with Tim to discuss and agree upon our budget for this FY.
- Beginning planning our first events!

Halloween Party

- Big Fermilab tradition: the Halloween Party! Coming up next week, Friday November 1. All welcome!
- We have been focussing on planning the event and getting this ready (pumpkins). Planning a joint Halloween/Día de Muertos theme!
- Some pictures from last year:

Initial Planning

- Intend to send a survey out to the FSPA community next week to see if there's any specific items which we can do to better support them.
- Would like to form stronger relationships between FSPA and LRGs, in particular Young Professionals.
 - Potential for joint Holiday Party, merging both.
- Plan to pass the much-discussed-and-never enacted FSPA Constitution!
- Some great ideas for professional events and workshops: more soon.
- ... and of course we'll get going with each of the subcommittees we are focussing on!
