

# EO/E1/CDF Abort Gap Monitors

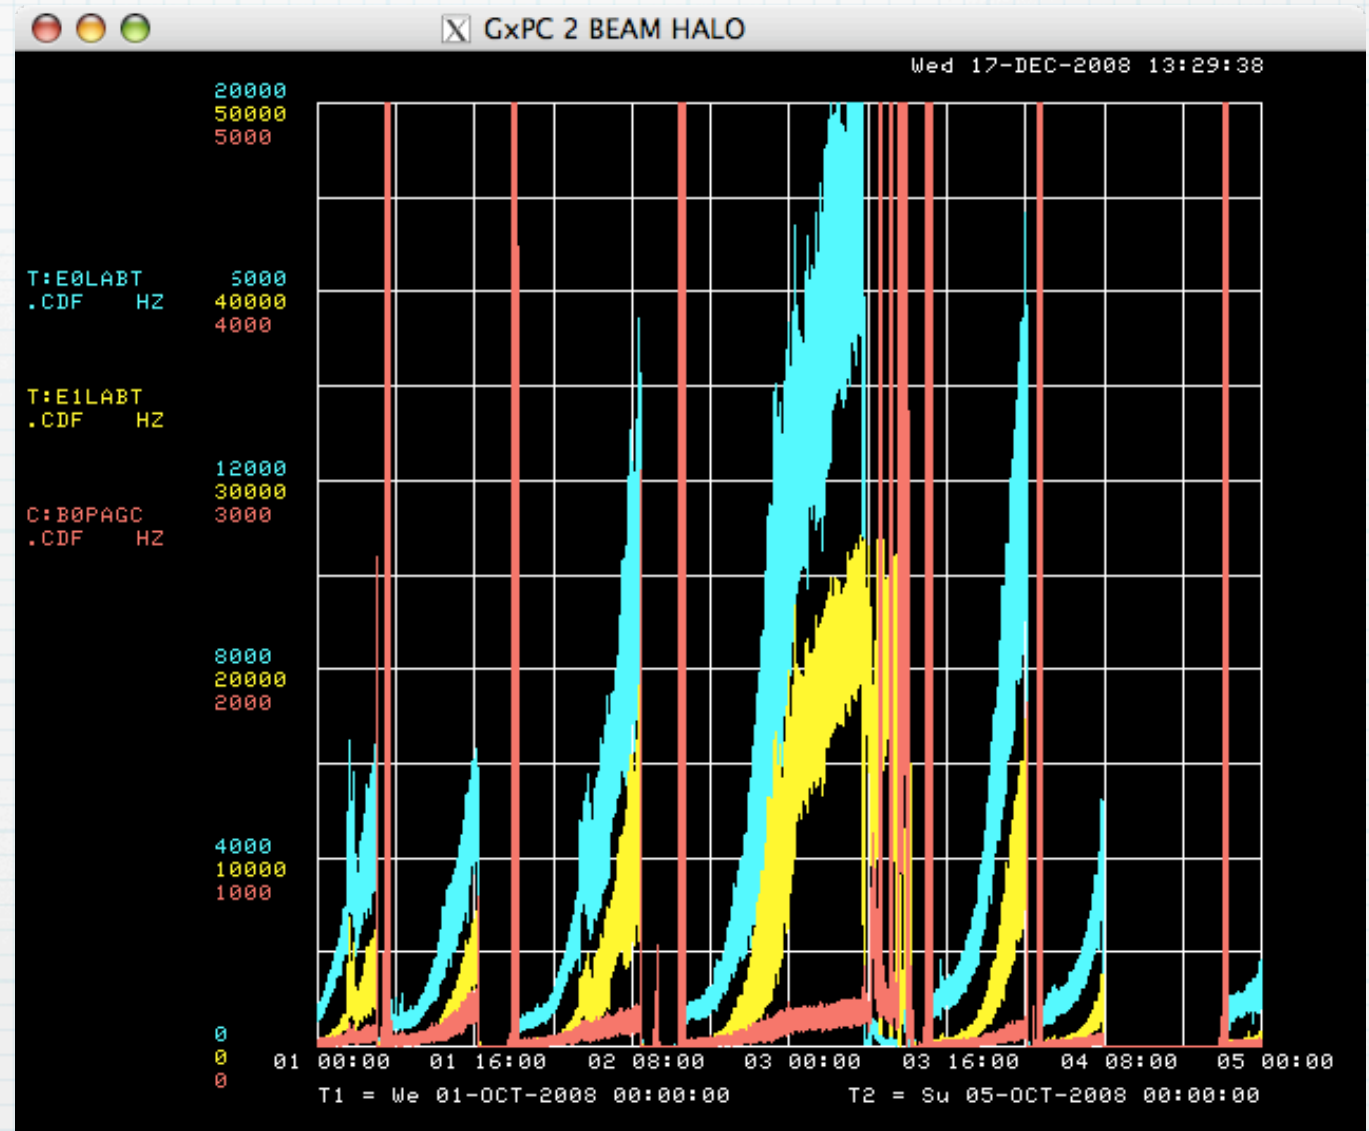

R.J. Tesarek  
12/17/08

# October 1-5 2008

Three systems measure "same" quantities:

- T:EOLABT
- T:E1LABT
- C:BOPAGC

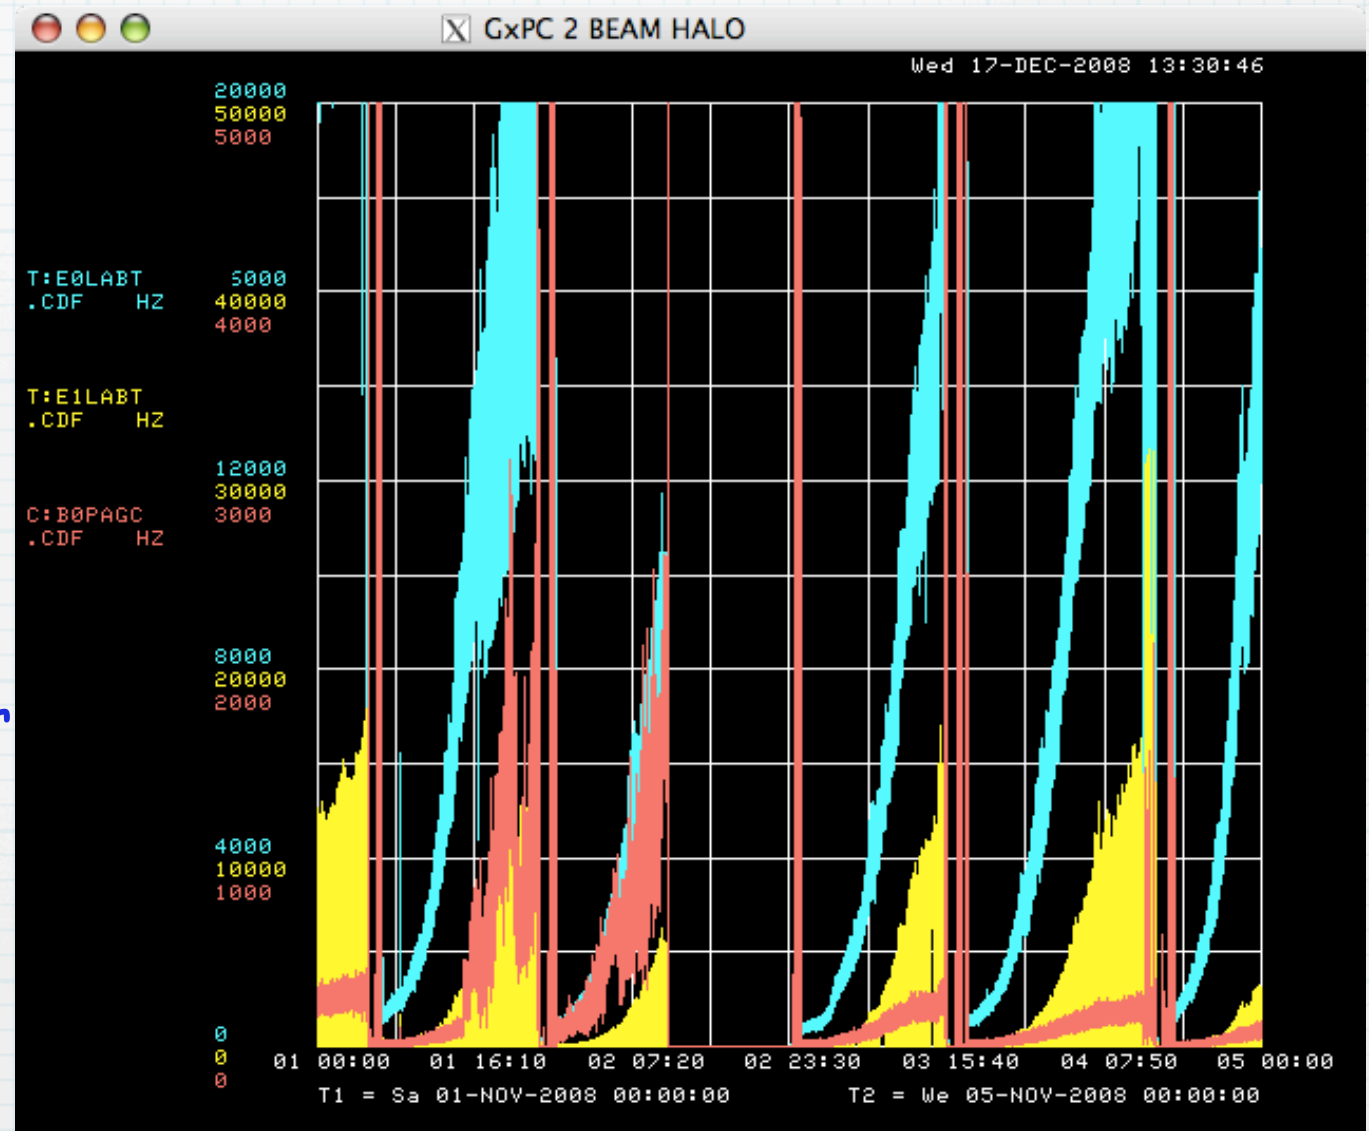

Different counters, logic modules, power supplies, etc.

# Dec. 1-5 2008

E1 rate problem  
local to E1 system.

- Not Accelerator

# Counter single rates (ungated)

Single counter rates:

- all counting
- problem likely due to gate or gate timing.
