

Overview and Status of ALS-U Project Vacuum Systems

Tuesday, 16 April 2024 12:15 (25 minutes)

The Advanced Light Source upgrade (ALS-U) project has entered its execution phase. Majority of the vacuum system design is complete and aspects of the system are in the procurement, assembly and installation phases. The new vacuum system spans the new accumulator ring, replacement storage ring and three new transfer lines

Summary

Primary authors: Mr WANG, Guobin; Mr TUNG, Mouda; MILLARD, Nathan; OMOLAYO, Sol (Lawrence Berkeley National Lab); TOKUNAGA, Ken; Mr MOY, Sam; Mr CUI, Tao; Mr GAUCHER, Thomas; Mr SWAIN, Tom

Presenter: OMOLAYO, Sol (Lawrence Berkeley National Lab)

Session Classification: Session 1
