## Gyeongju by Districts

Gyeongju is divided into seven districts: Bomun Lake Resort, Downtown, Bulguksa Temple, Namsan (Southern Mountain), East Bay, Seok (Western Mountain), and Northern. This guide includes information on eating and drinking establishments in Seonggeon-dong and Dongcheon-dong, both neighborhoods within the city favored by local residents of Gyeongju.

The restaurants, bars, and cafes here represent a variety of Korean, Asian, and Western-style cuisines as well as regional specialties.

## Taxi

Taxis can be found at taxi stands located throughout the city—outside of train and bus stations, hotels, and other places of interest. It is also easy to hail taxis on the streets in most busy areas. Most taxis in the Gyeongju area accept credit cards. However, some may request cash only, and it's always useful to carry some cash (in KRW). The basic fare begins at KRW 2,800. Please note, rates may vary depending on the district or time of day.

Notice: Fares in Gyeongju may be slightly higher than in other major cities like Seoul or Busan because a surcharge is added when travelling to certain districts. All taxis use a metered system, and there are no separate 'mobeum' or deluxe taxis.

The information in this guide is subject to change without prior notice. Last update: June, 2017
