

CPAD Instrumentation Frontier Meeting 2016 : NEW TECHNOLOGIES FOR
DISCOVERY II

Contribution ID: 25

Type: **not specified**

Broadband Microstrip-Coupled Titanium Nitride Kinetic Inductance Detectors: A Key Detector Technology for CMB-S4

Sunday, 9 October 2016 15:30 (25 minutes)

Primary author: GOLWALA, Sunil (California Institute of Technology)

Presenter: GOLWALA, Sunil (California Institute of Technology)

Session Classification: Parallel IX: Cryogenic Solid State Detectors

Track Classification: CPAD2016
