

Parallel Session: Southern Spectroscopic Survey Roadmaps

Tuesday, 14 November 2017

Parallel Session: Southern Spectroscopic Survey Roadmaps (12:30 - 14:30)

time	[id] title	presenter
12:30	[0] DESI-II: Technical Capabilities and Potential Targeting Strategies	Dr SCHLEGEL, David
12:40	[1] DESI-II: Cosmology Forecasts	MCDONALD, Patrick
12:50	[3] Astrophysics and Dark Energy with Large-Aperture, Wide-Field Spectroscopy	Dr BOLTON, Adam
13:00	[2] Spectroscopic Support for LSST Science: A Dark Energy Perspective	NEWMAN, Jeffrey
13:10	[4] Maunakea Spectroscopic Explorer	Prof. HALL, Pat
13:20	[5] Multi-fiber Spectroscopy on the Thirty Meter Telescope	BUNDY, Kevin
13:30	[6] Fully Sampling the Density Field at $z > 2.1$ with Lyman-alpha Forest	Dr LEE, K. G.
13:45	[7] Open Discussion: Planning Cosmological Forecasts for Staged Spectroscopic Experiments
