Discussing Experiment Needs

Friday, 24 August 2018 11:00 (1h 30m)

This session we will discuss the needs of current and future experiments with respect to scalable IO on HPCs. This should follow on from the needs for ROOT, and discuss how experiments can then utilize extensions to take advantage of parallel IO at scale on HPCs.

Presenters: BOCKELMAN, Brian; Dr VAN GEMMEREN, Peter (ANL)

Session Classification: Friday Afternoon Discussion
