

# Workshop on Applications of High Intensity Proton Accelerators

## Tuesday, 20 October 2009

### WG4 : SRF Linac driven subcritical core (Room: 1North WH1NW) (08:30 - 10:30)

time	[id] title	presenter
08:30	[49] Fuel Cycle Options for Energy and Transmutation Missions	
	- [1] Transmutation Mission	, Won Sik Yang
	- [2] Impact of the of the Advance Fuel Cycles and Transmutation in the management of the nuclear wastes and the repository	, Enrique Gonzalez
	- [3] Topic closing remarks	, All
09:30	[50] Subcritical/Accelerator Interface and Safety Issues	
	- [1] Safety Performance and Issues	, James Cahalan
	- [2] ADS safety	, Enrique Gonzalez
	- [3] Topic Closing Remarks	, All
