

# Muon Collider Physics Workshop

## Thursday, 12 November 2009

### WG3 - Machine-Detector Interface - Snake Pit 2NE (10:30 - 12:35)

time	[id] title	presenter
10:30	[20] IR Magnets	ZLOBIN, Sasha
10:55	[21] High field HTS open midplane Dipole	GUPTA, Ramesh
11:20	[19] High-gradient permanent magnet IR quadrupoles	O'SHEA, Finn
11:45	[22] High Gradient Quadrupoles using Exotic Materials	PALMER, Robert
12:10	[70] Novel accelerator magnets compatible with high energy deposition	MEINKE, Rainer
