

Project X Physics Workshop

Monday, 9 November 2009

Muons Parallel Session - One North (13:30 - 18:00)

time	[id] title	presenter
13:30	[34] MEG status and prospects	MIHARA, Satoshi
13:50	discussion	
14:00	[35] Muon edm challenges and prospects	Prof. ROBERTS, Lee
14:20	discussion	
14:30	[36] Challenges of new g-2/edm measurements at JPARC	Dr SAITO, Naohito
14:50	discussion	
15:00	break	
15:30	[30] The JPARC accelerator complex for rare muon and kaon decays	Dr NISHIKAWA, Koichiro
16:00	discussion	
16:15	[33] (g-2) in the Project-X era	Prof. HERTZOG, David
16:35	discussion	
16:45	[32] pion yield studies for Project-X beams	Dr STRIGANOV, Sergei
17:05	discussion
