

# HOW TO IMPROVE DOCUMENTATION?

## ORGANIZE DOCUMENTS BY ROLE

Document Role	Description
Scientist	A user of the the Grid, sometimes called an End User
Student	Any student, who is learning about any part of OSG. General training material might be for this role. Specific training specifically written for another role would be classified as that role as primary and student as secondary.
System Administrator	A computer system administrator, managing a computing resource in OSG
VO Manager	A manager in a Virtual Organization as contrasted with one of the above roles
Grid Application Developer	Any software developer
Documenter	Any person working on documentation itself
Integration	Integrating resources into the testbed or the production grid.
