Time evolution of Lepton Number of Majorana neutrinos: the Schrodinger picture

In the previous paper, we have investigated the time evolution of the lepton number of Majorana neutrinos in the Heisenberg picture. As a complimentary approach, we employ the Schrodinger picture. This enables us to investigate the time evolution of the initial state.

Primary authors: BENOIT, Nicholas ([XXXX](#)); Prof. MOROZUMI, Takuya (Hiroshima University); Mr KAWAMURA, Yuta (Hiroshima University)

Presenter: Prof. MOROZUMI, Takuya (Hiroshima University)

Session Classification: Neutrino Physics Session 2

Track Classification: Neutrino Physics
