

Snowmass Early Career – Theory Coordination

Sam Homiller (Stony Brook), Robert McGehee (U Mich), Yu-Dai Tsai (Fermilab)

on behalf of

Akshay Ghalsasi (UCSC), Ahmed Ismail (Oklahoma State), Josh Issacson (Fermilab)

William Jay (Fermilab), Kevin Kelly (Fermilab), Seth Koren (UCSB)

Claudius Krause (Fermilab), Soubhik Kumar (Maryland), Yingying Li (Fermilab)

Zhen Liu (Maryland), Vishvas Pandey (U of Florida), Rebecca Riley (UC Irvine),

Manibrata Sen (Berkeley), Bibhushan Shakya (CERN), Prasanth Shyamsundar (U of Florida),

Douglas Tuckler (UCSC), Michael Wagman (Fermilab) **+ more to join**

Coordination members are gathered through sign-ups

We are here to provide services and help the communications
both ways

The most important issue is the **participations of all early-career
members** of our theory community

SLACK: #SEC-TH (a new open one!)

join Slack / email us if you're SEC and want to be a liaison for a TF group!

Retiring is an option! None of our members should overwork!

Goals

- **Invite/recruit** more young people to participate in the TF activities
- **Organize** efforts on LOI's and white papers
- **Help** communicate issues in the Snowmass process
- Contact us (temp. coordinators) for more discussions:
Sam Homiller (shomiller@gmail.com),
Robert McGehee (rmcgehee@umich.edu),
Yu-Dai Tsai (ytsai@fnal.gov)
- We expect to **double/triple** the participants in a few week timescale!
