Snowmass Goals:

- To define the most important questions for the field of particle physics
- To identify promising opportunities to address them

Community Planning Meeting Goals:

Develop plans and steps to take between October 2020 and the Snowmass Community meeting in July 2021, leading to a final report in October 2021.

The CPM is a great success!
We have achieved our goals!

On behalf of the CPM Program Committee:

- **Steering Group**
 - DPF: Young-Kee Kim, Tao Han, Joel Butler, Priscilla Cushman
 - Glennys Farrar (DAP), Gabriela Gonzales (DGRAV), Yury Kolomensky (DNP), Sergei Nagaitsey (DPB)
- **Frontier Representatives**
 - Frontier Conveners: Laura Reina (EF), Patrick Huber (NF), Marina Artuso (RF), Aaron Chou (CF), Aida El-Khadra (TF), Tor Raubenheimer (AF), Jinlong Zhang (IF), Oliver Gutsche (CompF), John Orrell (UF), Breese Quinn (CommF)
- **2 Early Career Representatives**
 - Vishvas Pandey (postdoc), Joshua Barrow (graduate student)
- **Co-chairs of LOC**
 - Bo Jayatilaka, Brendan Kiburg

We would like to thank:

- ~ 1,570 LOIs contributions
- 63 submissions to the “Voices from the Community”
- 25 Plenary speakers; 5 “Future Facilities” panelists
- 101 Breakout sessions’ organizers, chairs,
and all the participants
- ~ 3,000 participants

Your participation made the CPM a success!

Thank you all very much!

We would like to thank:

- 30 Frontier conveners:
 - Energy Frontier: Meenakshi Narain, Laura Reina, Alessandro Tricoli
 - Neutrino Frontier: Patrick Huber, Kate Scholberg, Elizabeth Worcester
 - Rare Processes & Precision Frontier: Marina Artuso, Alexey Petrov, Bob Bernstein
 - Cosmic Frontier: Aaron Chou, Marcelle Soares-Santos, Tim Tait
 - Theory Frontier: Nathaniel Craig, Csaba Csaki, Aida El-Khadra
 - Underground Facilities Frontier: Laura Baudis, Jeter Hall, Kevin Lesko, John Orrell
 - Accelerator Frontier: Steve Gourlay, Tor Raubenheimer, Vladimir Shiltsev
 - Instrumentation Frontier: Phil Barbeau, Petra Merkel, Jinlong Zhang
 - Computational Frontier: Steven Gottlieb, Ben Nachman, Oliver Gutsche
 - Community Engagement Frontier: Kétévi Assamagan, Breese Quinn
- ~ 250 Topical Group conveners
- > 40 inter-frontier liaisons; and ~ 25 early career liaisons

Thank you all very much!

Special thanks to CPM Local Organizing Committee

Co-chairs: Bo Jayatilaka Brendan Kiburg

Foremost, thank you Prof. Young-Kee Kim
Chair of APS DPF

We very much look forward to your
continuing participation,
and the important outcome of the
Snowmass activities!

The 2020's will be an exciting decade for particle physics!
