**Date:** August 25, 2020  
**To:** Amber Kenney  
**From:** John Anderson Jr.,   
Safety Assessment Document Review Subcommittee Chair  
**Re:** Recommendation for Approval of the Fermi National Accelerator Safety  
Assessment Document Revision 20

---

## Message:

The Safety Assessment Document Review Subcommittee has completed its review of the Fermi National Accelerator Laboratory Safety Assessment Document (SAD) update. Revision 20 of the SAD dated August 25, 2020 consists of the following modification.

- Revision 1, 2-02 MeV Test Area (MTA) chapter. August 25, 2020.
- Appendix A - Accelerator Safety Envelope, Revision 12, August 25, 2020.

The result of our review finds the document complete and compliant with the Fermilab ES&H Manual Chapter 2010. On behalf of the Safety Assessment Document Review Subcommittee, I recommend you approve the SAD and forward the documents to the director for final approval.

After directorate approval of the SAD, Revision 12, Appendix A, Accelerator Safety Envelope requires further approval from the FSO Site Manager.

Please contact me at x4973 if you have any questions.
