

# Mini-Workshop on Neutrino Theory

## Tuesday, 22 September 2020

### Contributed 06: 06 (11:00 - 12:00)

-Conveners: Vishvas Pandey

time	[id] title	presenter
11:00	[68] Quasielastic interactions of monoenergetic kaon decay-at-rest neutrinos	NIKOLAKOPOULOS, Alexis
11:10	[63] Assessing the accuracy of the GENIE event generator with electron-scattering data	ANKOWSKI, Artur
11:20	[60] Radiative corrections in neutrino scattering	TOMALAK, Oleksandr
11:30	[19] The nucleon axial form factor in chiral perturbation theory	ALVARADO, Fernando
11:40	[51] Event Generators for Accelerator-Based Neutrino Experiments	JAY, William
11:50	[32] New Neutrino Interactions and Direct-Detection Experiments	Dr TSAI, Yu-Dai
