

Mini-Workshop on Neutrino Theory

Wednesday, 23 September 2020

Contributed 12: 12 (13:30 - 14:40)

-Conveners: Kevin Kelly

time	[id] title	presenter
13:30	[66] Interplay of Detection Opportunities for Neutrinos and Dark Matter	TAKHISTOV, Volodymyr
13:40	[42] Dark Matter Direct(ional) Detection at Neutrino Experiments	RAJ, Nirmal
13:50	[21] Inference offers a metric to constrain dynamical models of neutrino flavor transformation	Dr ARMSTRONG, Eve
14:00	[26] A neutrino window to microscopic black holes at IceCube	SONG, Ningqiang
14:10	[18] Heavy Neutral Leptons as a Portal to the Dark Sector	HOSTERT, Matheus
