

AF6 September Workshop

Thursday, 24 September 2020

Beam Manipulation (09:45 - 10:30)

-Conveners: **Pietro Musumeci**

time	[id]	title	presenter
09:45	[35]	11: Underdense Thin Plasma Lens as a Tool for Future Colliders	
09:50	[36]	196: Active plasma lenses	
09:55	[37]	76: Hybrid LWFA-PWFA staging as a beam energy and brightness transformer	
10:00	[38]	234: Bright Electron and Positron Beams and High-Charge Electron Bunches for Beam-driven Structure-WakeField Accelerators;
