

AF6 September Workshop

Thursday, 24 September 2020

Test Facilities & Community (12:30 - 13:45)

-Conveners: Mark Hogan

time	[id] title	presenter
12:30	[13] 96: GARD Beam Test Facilities	YAKIMENKO, vitya
12:40	[14] 141: EuPRAXIA – A Concept for a Research Infrastructure based on Plasma Accelerators and First user Applications	Dr FERRARIO, Massimo
12:50	[15] 248: Plasma Accelerator Science Community Organization	Prof. THOMAS, Alec
12:55	[17] 214: Laser-Plasma Accelerator Development at the BELLA Center	Dr ESAREY, Eric
13:00	[18] 176: Development of LWIR-based Advanced Acceleration Technology to Serve the Next Generation of Colliders	Prof. VAFAEI-NAJAFABADI, Navid
13:05	[19] 154: The ZEUS high intensity laser user facility for research into laser driven particle acceleration	Prof. KRUSHELNICK, Karl
13:10	[20] 43: Research and Educational Opportunities at the Argonne Wakefield Accelerator (AWA) Facility	POWER, John
13:15	[16] 156: Exploiting Global Accelerator Network Synergies	
13:20	[21] Discussion
