Subject: DOE Order 206.2 – Identity, Credential, and Access Management (ICAM) Implementation Plan

Dear Mr. Snyder,

This letter requests approval of the subject implementation plan which is included as an attachment. This plan requires full implementation upon receipt of Fermilab's Facility Clearance (FCL), and full compliance of DOE SC-41 HSPD-12 Implementation Plan per the required guidance template. This timeline is needed to closely evaluate DOE O 206.2, and its impacts to Fermilab. Necessary updates will be made by the FNAL Security and Emergency Management Division in order to meet the numerous deliverable(s) outlined in this order. Fermilab submitted their HSPD-12 Implementation Plan to SC-41 per required guidance template and this supplemental plan is attached to this document.

If you have any questions, please contact Joe Rogers at ext. x8041.

Sincerely,

SoLita Greene
