SUBJECT: LETTER OF AGREEMENT (LOA) with KANE COUNTY SHERIFF'S OFFICE

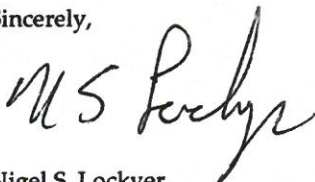

Dear Sheriff Hain,

Approval is requested for the attached Letter of Agreement (LOA) and Exhibit A regarding the working relationship between the Kane County Sheriff's Office and the Fermi National Accelerator Laboratory.

Fermi National Accelerator Laboratory's working relationship with the Kane County Sheriff's Office continues to be in accordance with Department of Energy (DOE) Order 473.3 A, which states if non-DOE Law Enforcement Agencies are "used to protect security interests on a regular or recurring basis, cooperative agreements outlining the specific support to be provided must be established."

For additional questions regarding this correspondence, please contact Joe Rogers at x8041 or jrogers@fnal.gov.

Sincerely,

Nigel S. Lockyer
Laboratory Director

EXHIBIT 'A'

The Kane County Sheriff's Office Law Enforcement Bureau provides various functions and services in Kane County which includes Fermi National Accelerator Laboratory. These functions and services include, but are not limited to:

- Providing preventive patrols utilizing marked and unmarked patrol units, bicycle, and foot patrols;
- Responding to calls for service;
- Traffic enforcement and education;
- Accident investigations;
- Security checks;
- Community relations programs to include development of relations between citizens and the Kane County Sheriff's Office;
- Apprehending and arresting offenders, and the transportation of said offenders to this the Kane County Jail, or when required, to other agency jurisdictions;
- Evidence preservation and collection;
- Law enforcement;
- General assistance to the public;
- Maintenance of public order;
- Emergency services;
- Reporting of information to appropriate office components;
- Responding to situations involving hazardous agents (radiological/biological/chemical);
- Participating in and providing training programs for:
 - a.) Violence in the Workplace;
 - b.) Active Shooter situations;
 - c.) Hostage situations.

The Kane County Sheriff's Office maintains a division within the Law Enforcement Bureau which is responsible for conducting criminal investigations. This Criminal Investigation Division's functions include, but are not limited to:

- Investigation of reported and suspected crimes;
- Apprehension of criminals;
- Recovery of property;

The Kane County Sheriff's Office maintains a unit within the Law Enforcement Bureau with special operations capabilities in order to engage in and bring critical incidents to a successful conclusion. This Special Operations Unit functions include, but are not limited to:

- Hostage situations
- Barricaded subject situations
- Terrorist situations
- VIP protection and security
- Other special tactical situations

LETTER OF AGREEMENT

Whereas, the United States Department of Energy Order DOE O 473.3A 'Protection Programs Operations' is applicable to the operations at Fermi National Accelerator Laboratory which is located in unincorporated Kane County, Illinois; and,

Whereas, Fermi National Accelerator Laboratory, and the Kane County Sheriff's Office have a long and established history of working together; and,

Whereas, Fermi National Accelerator Laboratory has relied on the services of Kane County Sheriff's Office in law enforcement operations and investigations over the past years; and,

Whereas, the Kane County Sheriff's Office has full authority and jurisdiction to enter onto Fermi National Accelerator Laboratory property; and,

Whereas, Fermi National Accelerator Laboratory does not currently have the resources to conduct law enforcement operations and investigations; and,

Whereas, the Kane County Sheriff's Office has, in the past, conducted law enforcement operations and investigations as outlined in Exhibit 'A', which is attached hereto and incorporated into this agreement; and

Whereas, the Kane County Sheriff's Office has expressed an interest in continuing to conduct law enforcement operations and investigations as outlined in Exhibit 'A' at Fermi National Accelerator Laboratory; and,

Whereas, the Sheriff's Office currently has the resources to conduct law enforcement operations and investigations as outlined in Exhibit 'A' at Fermi National Accelerator Laboratory;

Therefore, Fermi National Accelerator Laboratory requests and the Kane County Sheriff's Office agrees to continue to conduct law enforcement operations and investigations as outlined in Exhibit 'A' as required at Fermi National Accelerator Laboratory; and,

Furthermore, the Kane County Sheriff's Office requests and Fermi National Accelerator Laboratory agrees to continue to provide the assistance of its security staff in working with the Kane County Sheriff's Office staff in order to conduct such law enforcement operations and investigations as outlined in Exhibit 'A'.

- High risk arrest situations or execution of warrants
- Providing assistance to other divisions/units of the Kane County Sheriff's Office in situations requiring their specialized training and tactics.

The Kane County Sheriff's Office maintains a unit with the Law Enforcement Bureau with experience and expertise in responding to hazardous device and explosives. This Hazardous Devices and Explosives Unit's functions include, but are not limited to:

- Responding to and investigating incidents involving explosions, bombings, bomb threats and hazardous devices or explosives; and
- Bomb and other hazardous device disposal.

The Kane County Sheriff's Office maintains a unit within the Law Enforcement Bureau comprised of canine teams. This Canine Unit's functions include, but are not limited to:

- Tracking persons;
- Detecting narcotics evidence;
- Locating human remains; and
- Responding to bomb threats/suspicious devices.

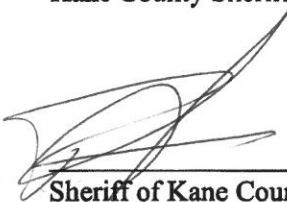

Approved by Fermi National Accelerator Laboratory Director Nigel Lockyer and the Kane County Sheriff Ron Hain, this 22 day of July, 2019.
