

NF09 Workshop

Friday, 4 December 2020

Reactor Antineutrinos (NF09 and NF07 combined) (09:00 - 11:45)

time	[id] title	presenter
09:00	[27] Brief introduction to the Session	OCHOA, J. Pedro BOWDEN, Nathaniel
09:05	[1] Importance of understanding reactor antineutrino emission for basic science, monitoring, and engineering	CONANT, Andrew Dr ZHANG, XIANYI
09:35	[2] Reactor antineutrino predictions: current status and expected improvements	FALLOT, muriel
10:05	[3] Reactor antineutrino experiments: current status and future program	LITTLEJOHN, Bryce LITTLEJOHN, Bryce
10:35	[4] Global strategy and experimental effort beyond the planned program	HUBER, Patrick
11:05	Break	
11:15	[5] Panel Discussion
