

AF7 - Subgroup RF - miniWorkshop on RF Systems and Sources

Thursday, 17 December 2020

RF Sources (10:40 - 12:20)

time	[id] title	presenter
10:40	[8] Higher Efficiency High Power RF Generation	JENSEN, Erk
11:00	[2] Developing modular, compact, low-voltage klystrons and advanced components for RF sources	WEATHERFORD, Brandon
11:20	[3] Advanced rf Source Modeling	Prof. TANTAWI, Sami
11:40	[4] High Efficiency, Low Cost, RF Sources for Accelerators and Colliders	IVES, R. Lawrence
12:00	[7] Advanced Klystron Development for High Peak Power and Variable Pulse Structure	HAYNES, Brian
