

AF7 - Subgroup RF - miniWorkshop on Innovative Design and Modeling

Tuesday, 26 January 2021

Bright beams and wakefields (10:00 - 10:40)

time	[id] title	presenter
10:00	[3] Bright Electron and Positron Beams and High-Charge Electron Bunches for Beam-driven Structure-WakeField Accelerators	PIOT, Philippe
10:20	[4] Mitigation of Emittance Dilution Due to Wakefields in Accelerator Cavities Using Advanced Diagnostics with Machine Learning Techniques	LUMPKIN, Alex
