

# International Workshops on Accelerator Alignment (IWAA) 2012

## Thursday, 13 September 2012

### Alignment Instrumentation, Software and Methods - 1 West (08:30 - 10:00)

-Conveners: Markus Schlösser

time	[id] title	presenter
08:30	[19] Alignment Process of HLS-II and Some Research Items on Alignment at NSRL	Dr HE, Xiaoye
08:55	[26] The HIE Isolde Alignment and Monitoring System software and test mock-up	Mr KAUTZMANN, Guillaume
09:20	[39] Developing an iris diaphragm laser alignment system for SPring-8 storage ring magnets	Mr ZHANG, Chao

### Alignment Instrumentation, Software and Methods - 1 West (10:15 - 11:40)

-Conveners: Mika Masuzawa

time	[id] title	presenter
10:15	[32] Development and validation of raschain alignment systems for the pre-alignment of CLIC	Dr VAN DER GRAAF, Harry
10:40	[20] Could the AT401 replace digital levelling and "Ecartometry" for the smoothing and realignment of the LHC ?	Mr MISSIAEN, Dominique
11:05	[38] Status Report on Storage Ring Realignment at SLRI	Ms SRICHAN, Supawan
