Poster Presentations (5 minutes per poster) - 1 West (11:40 - 12:00)

time	[id] title	presenter
11:40	[15] Survey and alignment design of HITFIL	Mr CAI, Guozhu Mr MAN, kaidi
11:45	[18] Overview on the Preliminary Geodetic Network for SPIRAL2 Process Installation at GANIL	Mr BEUNARD, Rémy
11:50	[68] Alignment Design and Status of the Taiwan Photon Source	Mr LAI, Wei-Yang

Poster Presentations (5 minutes per poster) - 1 West (14:30 - 15:00)

time	[id] title	presenter
14:30	[33] Feasibility study of a multipoint laser alignment system for CLIC linear collider	Dr MAINAUD DURAND, Helene
14:35	[40] Start of construction for the international Facility for Antiprotons and Ion Research (FAIR) – aspects of survey and alignment	Ms PSCHORN, Ina
14:40	[42] Test results of highly-damping components mounted to the support system for the KEKB final focusing magnets	YAMAOKA, Hiroshi
14:45	[44] HLS Installation at KEKB Main Ring after the Great East Japan Earthquake	Mr KAWAMOTO, Takashi

Thursday, 13 September 2012

Poster Presentations (5 minutes per poster) - 1 West (11:40 - 12:00)

time	[id] title	presenter
11:40	[51] Superconducting Undulator Alignment Strategy at APS	PENICKA, Jaromir
11:45	[53] GPS NETWORK FOR SuperKEKB MAIN RING	Prof. MASUZAWA, Mika

Poster Presentations (5 minutes per poster) - 1 West (14:30 - 15:00)

time	[id] title	presenter
14:30	[54] Dipole Survey and Alignment of NSLS-II	KE, Ming
14:35	[64] Wireless Operation of the DNA03 at FNAL	Mr COPPOLA, Gary Mr KYLE, John
14:40	[65] Fiducialization and alignment strategy for the integrated magnet blocks at MAX IV 3GeV and 1,5GeV rings	Mr BENGT, Sommarin
14:45	[66] Reference network for the MAXIV Laboratory facility	Mr GARSZTKA, Pawel

Friday, 14 September 2012

Poster Presentations (5 minutes per poster) - 1 West (11:15 - 11:25)

-Conveners: Horst Friedrichs

time	[id] title	presenter
11:15	[69] Establishing and Re-Measuring the Installation Control References of East Tokamak	Mr MAN, kaidi
