

Panel discussion on charged pion lifetime, radiative muon decay, muon neutrino mass, and Proton/Deuteron EDM theory motivation

Tuesday, 25 May 2021 08:05 (45 minutes)

Moderators: Esra Barlas Yucel (University of Illinois at Urbana-Champaign), Andre Luiz De Gouvea (Northwestern University)

Panelists: Jordy de Vries (University of Massachusetts Amherst), Vincenzo Cirigliano (Los Alamos National Laboratory), Robert Shrock (Stony brook university), Massimo Passera (INFN)

Presenters: DE VRIES, Jordy (UMass); PASSERA, Massimo (INFN Padova); SHROCK, Robert (C. N. Institute for Theoretical Physics, Stony Brook University); CIRIGLIANO, Vincenzo (Los Alamos National Laboratory)
