

Calibration and Standardization of Large Surveys and Missions in Astronomy and Astrophysics

Wednesday, 18 April 2012

Session 3C - WH1W (13:00 - 15:30)

time	[id] title	presenter
13:00	[45] SI-Traceable Calibrations of Celestial Objects	CRAMER, Claire
14:00	[65] A Path to NIST Calibrated Stars over the Dome of the Sky	Prof. ZIMMER, Peter
14:20	[7] Experience with SDSS SN Calibration	MARRINER, John
14:40	[42] Calibration and inter-calibration of the SNLS and SDSS-II supernova survey	Dr BETOULE, Marc
15:00	[46] SNDice: a Calibration System designed for Wide Field Imagers	Dr REGNAULT, Nicolas
