

Federal University of Rio de Janeiro - UFRJ

DUNE group

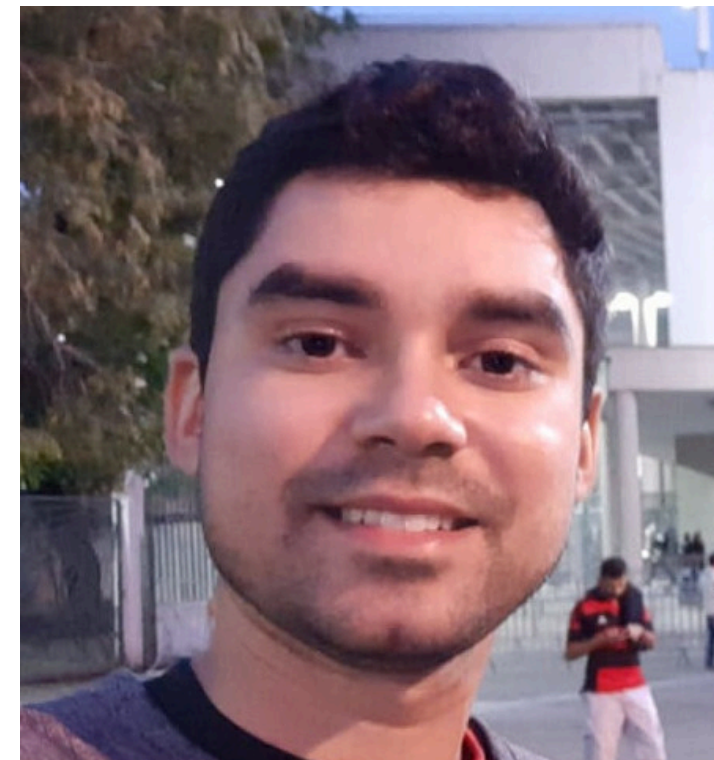

João de Mello Neto - professor

Rogério de Almeida - adjunct professor (UFF)

Looking for “service work” for two students:

Leonardo Peres - PhD student

- ★ Undergrad reasearch work: Globes
- ★ Master thesis: Search for boosted dark matter in DUNE (HE) Gianluca Petrillo, Yun Tse-Tsai
- ★ Good command of LarSoft etc

Marcelo Oliveira, PhD student

- ★ Undergrad reasearch work: filter (SVD) for radio signals from cosmic rays showers for Pierre Auger Observatory
- ★ Starting PhD courses this semester
- ★ Good command of python, catching up with LarSoft
