

Welcome to the Snowmass Day!

The Particle Physics Community Planning Exercise (a.k.a. “Snowmass”) is organized by the Division of Particles and Fields (DPF) of the American Physical Society. Snowmass is a scientific study. It provides an opportunity for the entire particle physics community to come together to identify and document a scientific vision for the future of particle physics in the U.S. and its international partners.

After a long pause/slowdown, the Snowmass exercise has resumed the full activity from September 2021. To get us back together on the same page and refocus our attention to the Snowmass activities, we are here for a half-day zoom meeting, the “Snowmass Day”.

Today’s Program:

11:00 - 13:00 CDT Plenary Session; 13:00 - 13:30 CDT Break

13:30 - 16:00 CDT Frontier Breakout Sessions
