

Neutron-antineutron Oscillation Theory

Thursday, 14 June 2012 12:00 (30 minutes)

Primary author: Prof. MOHAPATRA, Rabindra (University of Maryland)

Co-authors: Prof. YOUNG, Albert (North Carolina State University/Triangle Universities Nuclear Laboratory); Prof. QUIGG, Chris (Fermilab)

Presenter: Prof. MOHAPATRA, Rabindra (University of Maryland)

Session Classification: Plenary Session

Track Classification: Neutron-antineutron oscillations
