

NTN Workshop - Welcome!

Pedro Machado

June 21st, 2022

COVID

Please MASK UP and keep the six-feet distance

For up-to-date information on Covid rules at Fermilab, please check
<https://eshq.fnal.gov/covid19vaccine/>

KANE, DUPAGE, IL

Access to Wilson Hall

If you do not have a badge,
you need to be let in by someone with badged every morning

Make sure the guard gives you the visitor sticker

We will be waiting for you at 8:55am

If you get here at some other time, send an email to Noemi (nrocco@fnal.gov) or me (pmachado@fnal.gov) and we will get you as soon as we can

Cafeteria

Cafeteria is slow these days

We encourage you to pre-order at their website

<https://www.clover.com/online-ordering/fermilab-caf---taher-batavia>
(they also have an app, you can download it during the coffee break)

**If you decide to go outside,
make sure you take someone with a badge with you!**

Dinner on Wednesday

Due to COVID, we could not organize a dinner via Fermilab

We plan on having an informal, self-organized dinner on Wednesday at 6:30pm

Outside you will find some options of restaurant with outdoor seating

If you pick a place, please put your name in the sheet outside
so that no one is left behind

Please call the restaurant to book tables for your party

Workshop schedule - Tuesday and Wednesday

<https://indico.fnal.gov/event/54395/timetable/#20220623.detailed>

Talks are 20+5 minutes long

On Tuesday and Wednesday:

talks start at 9:15am

we will have discussion sessions from 4:10p-5:30pm

There is ample time for discussion, so let's start some projects among ourselves!

Workshop schedule - Thursday

<https://indico.fnal.gov/event/54395/timetable/#20220623.detailed>

Closed NTN review after lunch, unless you are a member of the NTN SSC

The reviewers will meet on Thursday 9am. If you are not a reviewer, please use that time for work and discussion.

The talks right before and after lunch (in yellow) are open for everyone
and will be focused on the experimental needs from theory

Enjoy the workshop and let's go great physics!
